

Commonwealth Trade & Investment Summit 2022

The second Commonwealth Trade and Investment Summit will be hosted on Monday 5th and Tuesday 6th December, at the City of London's Mansion House. After the success of the virtual meeting in 2021, the Commonwealth Enterprise and Investment Council is delighted to welcome Heads of Government, senior Ministers, and senior business leaders from across the Commonwealth in-person for two days of sessions, meetings, and networking.

This Business-to-Government Summit will be hosted at the City of London's iconic Mansion House with participation across the now 56 Commonwealth member nations. The Summit will provide an opportunity to focus and strategise on some of the key Commonwealth issues following the successful Commonwealth Business Forum in Kigali in June, 2022, and this year's COP27. This year's Summit will look at, among other areas, the need for a just and secure transition to sustainable energy, food security and resilience, health technology and the future of health delivery, and the future of green finance.

The Commonwealth Trade and Investment Summit is developed and hosted by the Commonwealth Enterprise and Investment Council.
